Seeking a caregiver/community member who is committed to high-quality programming and equitable opportunities for K-12 computer science education in the Mohawk Trail Regional School District to participate in the District Computer Science Stakeholder Council.

Our council is seeking your support and input as we develop our K-12 programming. We welcome individuals with or without tech backgrounds, who have an interest in broadening opportunities for students within and beyond their K-12 school experience.

Specific responsibilities include attending a fall meeting, a spring meeting, and a cross-district summit. Tasks include analyzing enrollment data, curriculum and course offerings, and working toward improving caregiver/community engagement, student access, and teacher professional development in computer science programming.

The council member will be compensated with a \$250 grant-funded honorarium. Applicants should send a letter of interest to Sarah Jetzon at [sjetzon@mtrsd.org](mailto:sjetzon@mtrsd.org)
